TECHNOLOGY ABUSE – CRIMES: DEFINITIONS

- **Credible threat** = a verbal or nonverbal threat, or a combination of the two, including threats delivered by electronic communication or implied by a pattern of conduct, which places the person who is the target of the threat in reasonable fear for his or her safety or the safety of his or her family members or individuals closely associated with the person, and which is made with the apparent ability to carry out the threat to cause such harm
- It is not necessary to prove that the person making the threat had the intent to actually carry out the threat.
- The present incarceration of the person making the threat is not a bar to prosecution under this section.

TECHNOLOGY ABUSE – CRIMES: DEFINITIONS

- **Harassment** = to engage in a course of conduct directed at a specific person which causes substantial emotional distress to that person and serves no legitimate purpose (§784.048(1)a)
- **Course of conduct** = means a pattern of conduct composed of a series of acts over a period of time, however short, which evidences a continuity of purpose (§784.048(1)b)
- **Cyberstalking** = to cause substantial emotional distress to a person and serving no legitimate purpose by:
 - Engaging in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person; or
 - Accessing, or attempting to access, the online accounts or Internet-connected home electronic systems of another person without that person's permission (§784.048(1)d)

§ = Florida Statutes section

TECHNOLOGY ABUSE – CRIMES: MISDEMEANORS

- **Stalking** = to willfully, maliciously, and repeatedly follows, harasses, or cyberstalks another person (§784.048(2))
- **Sexual cyberharassment** = to publish a sexually explicit image of another to Internet websites or to disseminate such an image through electronic means without the depicted person's consent, contrary to the depicted person's reasonable expectation of privacy, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person (§784.049(2)(c))

TECHNOLOGY ABUSE – CRIMES: FELONIES

- **Sexual cyberharassment**
 - If prior conviction (§784.049(3)(b))
- **Aggravated stalking** = to willfully, maliciously, and repeatedly follows, harasses, or cyberstalks another person and makes a credible threat to that person (§784.048(3))
- **Aggravated stalking**
 - If victim is child under 16 yoa (§784.048(5))
 - If after injunction (§784.048(4)), credible threat not required
 - If after sentencing for certain sexual crimes (§784.048(7))

TECHNOLOGY ABUSE – FL COMPUTER CRIMES ACT (§815)

- Felonies

- Offenses against intellectual property
- Disclosure of trade secrets (§812.081)
- Unauthorized access, disruption of data/service/medical equipment, destruction of equipment, introduction of computer contaminant, audio or video surveillance, fraud, endangering human life

- Misdemeanors

- Modifying equipment

TECHNOLOGY ABUSE – OTHER CRIMES

- Tampering with or harassing a witness/victim/informant (§914.22)
 - Hinder communication with LEO
- Tampering with or fabricating physical evidence (§918.13)
- Written threats to kill or do bodily injury (§836.10)

Connecting the Dots: Recognizing and Responding to Stalking
<http://www.evawintl.org/Library/Detail.aspx?ItemID=659>

ISOLATION

- Disabling internet or phone service
- Regulating internet or phone access
- Restricting visitors or deliveries
- Keeping victim from caring for family
- Canceling appointments
- Prohibiting errands
- Monitoring activity
- Limiting space
- Hiding keys

Justifying control as necessary
because of the pandemic

MALE PRIVILEGE

- Violating others' personal space
- Taking up all the work and study space at home
- Demanding absolute quiet during work hours
- Refusing to share computer
- Deciding who comes/goes
- Demanding attention
- Disrupting routines
- Keeping food or supplies to self

Coercive Control during COVID-19: New Tactics
<https://vimeo.com/411077713>

TECHNOLOGY ABUSE – WHY?

- Abusers disrupt the technologies that victims use.
- Technology provides access to the victim (or her/his information).
- It is easy for the abuser to use technology to control the victim.
- Taking action to block or limit the abuser's access to technology may drive the abuser to escalate the abusive behavior.
- Safety plan
- Technology safety plan

TECHNOLOGY ABUSE – ASSESS THE SITUATION

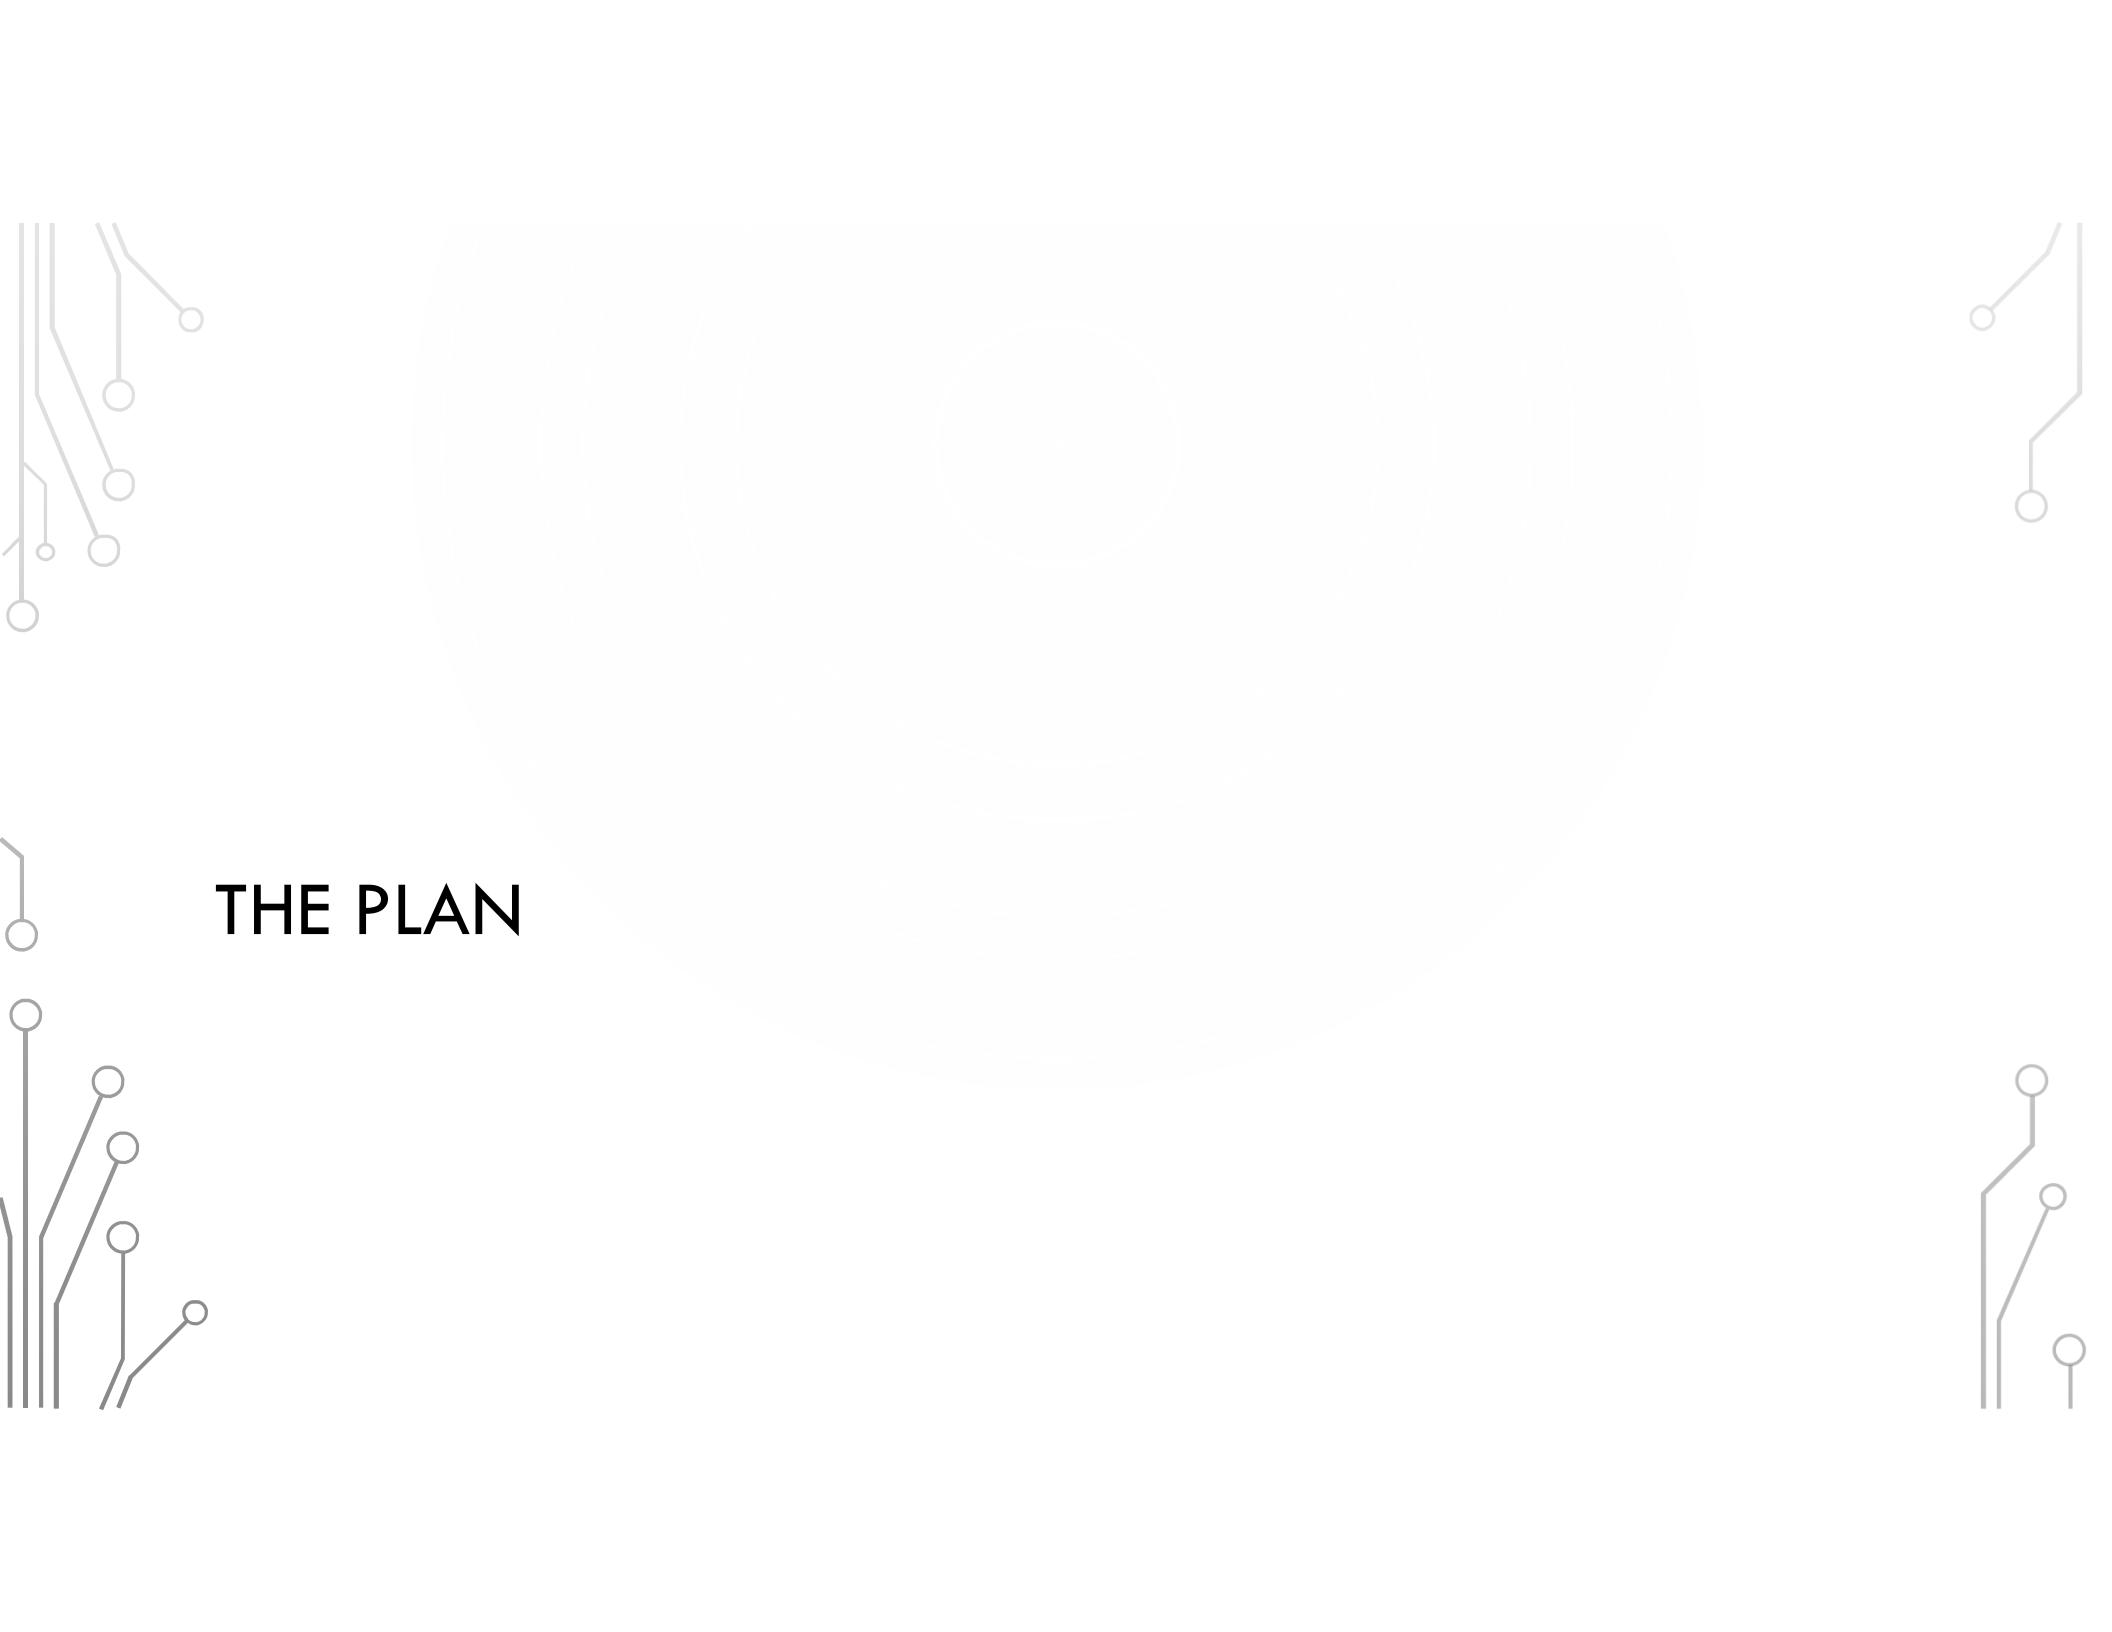

- **What's happening?**

- Does it seem like the abuser knows too much about the victim?
- What technologies are being affected?
- How is the abuser gaining access to the victim's technologies?

- **Can the victim mitigate the situation?**

- Does the victim have the resources necessary?
- Is the victim tech savvy enough?
- Is there a current safety plan?
- Can the safety plan be adapted?
- How can the victim avoid family and friends compromising the safety plan?

THE PLAN

TECHNOLOGY ABUSE – WHAT TO DO?

- **Preserve evidence**

- Screenshot/record video/audio
 - Messages/emails/voicemails (visual)
 - Documents/pictures/videos
 - Call logs/transient evidence
- Send evidence to secure repository
- Print evidence
- Backup everything in separate storage
- Google Alerts

- **Document the abuse with an incident log**

- Record details of every abuse incident
- Dates, places (tech), witnesses, evidence
- Note beginning and end of behaviors
- Change in frequency of behaviors
- Escalation of behaviors
- Actions victim has taken to mitigate the abuser's behaviors

TECHNOLOGY ABUSE – SAMPLE LOGS

Can I use your treadmill? 09:28

You can but you'll have to assemble it. I have the control panel here 09:28

I think I also have 4 screws you need 09:29

L Ok 09:29

My classes end on Thursday so I can look for the screws on Friday 09:29

L I was thinking of making glass beads and putting horse hair in them . Do you think I could do that with your machine ?

X Ok you are all done ? 09:30

Done with the semester.
Still 3 semesters to go

You need a torch and gas setup for bead making

L I'll utube it 09:32

I have a torch somewhere in there and gas tanks (one is oxygen and the other one is propane)

Horse hair through the whole? That's interesting.
Long enough to make a bracelet, necklace?

X You can use the kiln to anneal the beads

L Put the bead on a leather necklace 09:35

L I saw on etsy 09:36

Leather cord is good too.
With a knot on either side of the bead to keep it in place

If you have more than 1 bead on the cord, then a knot in between each pair of beads. Same as with pearls

L Yes that would be nice 09:39

X Bead, not bread

L Right 😊 09:41
